**Apple 10x10**  
**Apple Dices**  
**Strawberry**  
**Black Cherry**  
**Peach**  
**Pineapple**  
**Raspberry**  
**Blueberry**  
**Mango**  
**Red Cherry**  
**Lemon**  
**Orange**

## Product Characteristics:

- High **fruit content** – 70%.
- High **fruit integrity** (intact fruit pieces).
- **Natural** fruit taste.
- Well-maintained **crunchiness**.
- **Bake stable** in all applications.
- Exquisite **freeze** and **thaw stability**.

## Fruit we **can!**

**Fruitful Fillings** with high fruit integrity are packaged in a can.

**Canning is the best way to keep the integrity & natural attributes of fresh fruit.**

The unique canning production process used, provides a range where the natural structure of fruit remains very close to fresh fruit since it is efficiently protected against light and air. As a result, the quality and length of shelf-life are preserved.

**Oh! And contrary to what is commonly thought, a can is one of the most responsible packaging types, ecologically wise.**

Remarkable **Opportunities**  
with fruits.

From  
**Fruitful**  
to **bakery**  
& **pastry**  
**success.**
